

Work Experience Program

Who: The Work Experience program is designed for individuals with a documented disability.

What: The program provides individuals with paid work experiences in assembly, packaging and other contract work in a manufacturing environment. Individuals work in a structured environment so that they can develop positive work habits, work routines, stamina and work skills.

Program Goals:

- To help individuals develop the work skills necessary to maintain employment within the community.
- To provide individuals with paid work experiences so that they can become independent and economically self-sufficient.
- To link individuals with community and employment resources through intensive case management.

Where: Goodwill Industries of Central Indiana, 413 N. Tremont Street, Indianapolis, is the primary work site for this program.

For more information: Contact Frank Langan, Director of Operations, at (317) 524-4270 or Flangan@goodwillindy.org.
