

## Goodwill Industries of Central Indiana, Inc. • Commercial Services Division

Goodwill's Commercial Services Division provides quality, reliable, on-time outsourcing services to assist companies with their production and assembly needs. While ensuring that we meet or exceed customers' requirements, Goodwill also employs a significant number of people with disabilities and others who have had limited vocational options.

### Expertise:

- Assembly & Packaging
- Order Fulfillment
- Kitting & Inspection Services
- Light Manufacturing
- Inventory Management (access to online inventory information via a secured Web portal)

### Resources:

- A modern 80,000 sq. ft. production facility that includes 30,000 sq. ft. of high clearance warehouse space. Another 30,000 sq. ft. of adjacent space is available for expansion.
- An experienced engineering and management team
- A flexible workforce
- ISO 9001:2000 (without design) certification since 2002
- Ability to invest in capital equipment
- Intrastate trucking capabilities and ready access to common carriers and local LTL/FTL operators
- Strong balance sheet and excellent support services infrastructure

### A Sampling of Current Customers:

- **Multi-national medical diagnostics company** — Assembly, packaging, warehousing and shipping of more than 5.5 million items per year.
- **Medical appliance research and manufacturing company** — Production, operational management, quality inspection, and inventory control of more than 6,000 mattresses and 3,000 cushions per week.
- **European manufacturer** — Warehousing and order fulfillment; shipments to their U.S. customers total more than 100,000 components representing 400+ SKUs annually.

### Indianapolis—"The Crossroads of America"

75% of the U.S. population can be reached in one day's drive; four different interstate highways converge in Indianapolis, more than in any other metropolitan area in the nation, enabling ready delivery to end customers. Some distances to other major cities:

Atlanta, GA	532 miles	Chicago, IL	179 miles
Cincinnati, OH	109 miles	Louisville, KY	122 miles
New York	708 miles	St. Louis, MO	257 miles

Indianapolis is also home to the second largest FedEx hub in the world.
